

# Project ECHO<sup>®</sup>

## Management of Substance Use Disorder

### “ONE Rx – Opioid and Naloxone Education”

**Presenter:** Amy Werremeyer, PharmD, BCPP • **Facilitator:** Lisa Faust, MD

**To access this presentation, go to:**

<https://razor.med.und.edu/cme/selfserve/web/online-courses>

**Upon completion of this program, the learner will be able to:**

1. Describe the ONE Rx program.
2. Describe the ways in which a pharmacist can be a resource for someone who is prescribed an opioid.
3. Discuss ways in which ONE Rx could be an interprofessional approach.

#### Who Should Attend?

All members of the healthcare team to include, but not limited to:

- Physicians, nurse practitioners, physician assistants, nurses, rehabilitation therapists, behavioral health providers, social workers, pharmacists, medication assisted treatment (MAT) prescribing providers, and prescribing providers interested in becoming MAT providers

#### Why Attend?

**Because you will...**

- Participate in case-based clinical discussions focused on the treatment of opioid use disorder.
- Gain up-to-date knowledge of opioid use disorder treatment through brief didactic presentations on topics of interest to learners
- Improve your confidence in managing patients with opioid use disorder
