*Presented by*

Parag Patel, MD

Medical Director, BrightView Health, Cincinnati, Ohio

Curt Small, MD

Williston Rural Track Program at St. Alexius Health Williston Medical Center, Williston, ND

*Facilitator: Lisa Faust, MD*

### Upon completion of this program, the learner will be able to:

1. Describe what risk reduction/harm reduction is.
2. Identify who is at risk.
3. List specific evidence-based harm reduction interventions for opioid use disorders (OUDs).
4. Describe ways to incorporate overdose prevention into primary care practice.

#### Who should attend?

All members of the healthcare team to include, but not limited to: physicians, NPs, PAs, nurses, behavioral health providers, social workers, pharmacists, medication assisted treatment (MAT) prescribing providers, and prescribing providers interested in becoming MAT providers.

### Why attend? Because you will...

- Participate in case-based clinical discussions focused on the treatment of opioid use disorder.
- Gain up-to-date knowledge of opioid use disorder treatment through brief didactic presentations on topics of interest to learners.
- Improve your confidence in managing patients with opioid use disorder.
